A Message
From Our Chairman

V.S.B. Engineering College was established with the aim of providing quality higher education on par with international standards. It persistently seeks and adopts innovative methods to improve the quality of higher education on a consistent basis. The campus has a cosmopolitan atmosphere with students from all corners of the globe. Experienced and learned teachers are strongly encouraged to nurture the students. The global standards set in the field of teaching and researches spur us on in our relentless pursuit of excellence. In fact, it has become a way of life for us. The highly motivated youngsters on the campus are a constant source of pride.

The Department of Civil Engineering was started in the academic year 2011-12 with an aim of promoting high quality education in the field of Civil Engineering. The department has well equipped laboratory facilities and highly qualified faculty members having rich experience in teaching and industrial background. The department is aiming to transform itself into a centre of excellence both in academic and research. The department provides a right kind of environment for the students to groom themselves for innovative and challenging near future.

VSB ENGINEERING COLLEGE provides a variety of stimulating environments for intellectual development, free thinking, and personal growth, challenging its students with dynamic learning opportunities and equipping them with the skills, insights, attitudes and practical experiences that are necessary to take up responsibilities in the society.

While students at VSB immerse themselves in academics, the college has a lot in store for them outside the classroom. Student life includes participation in sports, recreational & co-curricular activities. In short, at VSB, students will find an academic and social environment where everyone from faculty members to peers helps shape their future as wonderful one. VSB is a home to excellent infrastructure with state of the-art computer and internet facilities, modern workshops, seminar halls, auditoriums and well stocked libraries, sports and games fields in addition to an indoor stadium with gymnasium.

Message from Head of the Department

The department of Civil Engineering is offering UG course with an intake of 120 in B.E. (Civil). The students of our department are good in both academics and in extra and co-curricular activities as well.

The department of Civil Engineering is one of the most important departments of the college. The department has highly qualified and dedicated faculty which strives to produce competent professionals who are abreast with the latest technology and are equipped with enterprising skills necessary for a designer and a site Engineer.

The department's professional programme includes a deeper study of a number of engineering sciences to which the students are introduced at the core curriculum level, experimental solution for physical problems, techniques and methods of design of systems relevant to the contemporary industrial world.
